

NEEDED!

Used Bibles, Christian Books, Audio, Video and Funding for Third World, English-Speaking Countries

Christian books no longer used in your home can tell others about God's love! Christians in third world countries do not have bookstores or supplies available to them that we take for granted. We would like to send your surplus or used Bibles, Christian books, audios, cd's, DVD's or videos to places where Christian teachings are very scarce and expensive. We send them to churches as libraries so they will be used over and over. Our services and materials are free to third world country churches. Please check your personal and church libraries for Christian books and tapes that are no longer being used. By placing them in a church discipleship library, the effectiveness of these Christian materials can be multiplied many times.

Hands for Christ began over 40 years ago as a tract and book lending ministry and has grown to an international, evangelical library discipleship outreach. God has permitted us to donate over 50,000 tape and book lending libraries to more than 129 primarily English-speaking, third world countries worldwide. Your donation of Christian materials will make a difference in the lives of many!

It costs approximately \$85.00 to send a 35 pound box of materials..won't you partner with us to help send God's Word overseas?

We are a non-profit, tax-exempt, 501(c) (3), charitable organization. If you would like a tax-deductible receipt, just let us know. Please call with any questions.
